

Rx Member Cost-Sharing: \$16/\$45/\$90/\$100

According to this prescription medication program, you may receive coverage for prescription medications in the amounts specified in your Rider when you fill your prescription at a UPMC Health Plan participating pharmacy. To be eligible for benefits, you must purchase your outpatient prescription medications from a participating pharmacy or through the mail-order program.

The capitalized terms in this Rider mean the same as they do in your Certificate of Coverage. If there is a

difference between the coverage outlined in this Rider and the coverage outlined in your Certificate of Coverage or your Summary Plan Description, or other supporting documents such as the formulary, the terms of this Rider control.

The following chart shows the member cost-sharing and other benefit limitations that apply to your prescription drug program.

Specialty Pharmacy		
<ul style="list-style-type: none"> Not all Specialty medications can be filled at a retail pharmacy; they may be restricted to certain Specialty pharmacies, such as Accredo or Chartwell. Certain oral chemotherapy medications will be limited to a 15-day supply for the first month of the prescription. When you receive a 15-day supply of an oral chemotherapy medication, your Copayment amount will be equally divided between each of the two prescriptions. Specialty medications may be limited to a 30-day supply. If packaging or dosing results in a day supply of 31-60 days, you will be responsible for two Copayments. When the day supply is greater than 61 days, you will be responsible for three Copayments. Please refer to your formulary brochure or call UPMC Health Plan for additional details.

Out-of-Pocket Limits		
Individual Coverage	Refer to your medical Schedule of Benefits for details.	
Family Coverage	Refer to your medical Schedule of Benefits for details.	
Your plan has an aggregate Out-of-Pocket Limit, which means that for family coverage, the entire family Out-of-Pocket must be met by one or a combination of the covered family members before the plan pays at 100% for Covered Services for the remainder of the Benefit Period.		
Important Cost-Sharing Notes		
Pharmacy cost-shares apply to your medical plan Out-of-Pocket Limit. Claims are covered at 100% for the remainder of the Benefit Period when the Out-of-Pocket Limit is satisfied.		
If the pharmacy charges less than the Copayment for the prescription, you will be charged the lesser amount.		
Refill limit: You must use 75% of your medication before you can obtain a refill.		

Retail Pharmacy Network

UPMC Health Plan provides a broad retail pharmacy network that includes:

- National chain pharmacies, including CVS, Giant, Giant Eagle, Kmart, Rite Aid, Walmart, and Wegman's.
- An extensive network of independent pharmacies and several regional chain pharmacies.

You can go to a retail pharmacy to get most short-term medications, including medications for illnesses such as a cold, the flu, or strep throat. If you use a participating retail pharmacy, the pharmacy will bill UPMC Health Plan directly for your prescription and will ask you to pay any

applicable Copayment, Deductible, or Coinsurance. Remember, UPMC Health Plan may cover prescription medications obtained from a non-participating pharmacy. If you fill a prescription at a non-participating pharmacy and wish to seek reimbursement, please see your formulary book for more information. To locate a participating pharmacy near you, contact the Member Services Department at the phone number on the back of your member identification card, or visit www.upmchealthplan.com.

How to Use Participating Retail Pharmacies

- Take your prescription to a participating retail pharmacy or have your provider call in the prescription.

- Present your member ID card at the pharmacy.
- Verify that your pharmacist has accurate information about you and your covered dependents (including your date of birth).
- Pay the required Copayment or other cost-sharing amount for your prescription.
- Sign for and receive your prescription.

in your best interests for purposes of medication synchronization, you can receive the partial fill or refill and your cost-sharing will be prorated based on the number of day's supply you receive. If you require more than three fills or refills, you must obtain prior authorization from UPMC Health Plan.

Obtaining a Refill From a Retail Pharmacy

You may purchase up to a 30-day supply of a prescription medication through a participating pharmacy for one Copayment or the Coinsurance amount set forth herein, a 31 to 60-day supply for two Copayments or the applicable Coinsurance amount, or a 90-day supply for three Copayments or the applicable Coinsurance amount. If your provider authorizes a prescription refill, simply bring the prescription bottle or package to the pharmacy or call the pharmacy to obtain your refill.

Remember, UPMC Health Plan will not cover refills until you have used 75% of your medication. Please wait until that time to request a refill of your prescription medications. These refill guidelines also apply to refills for medications that are lost, stolen, or destroyed. Replacements for lost, stolen, or destroyed prescriptions will not be covered unless and until you would have met the 75% usage requirement set forth above had the prescription not been lost, stolen, or destroyed.

Mail-Order Pharmacy Services

Maintenance Medications:

- Generally, you can get long-term maintenance medications through the Express Scripts mail-order pharmacy at 1-877-787-6279. Your prescription drug program allows you to receive 90-day supplies for most prescriptions from the Express Scripts mail-order pharmacy. Certain Specialty medications may be limited to a one-month supply and will generally be dispensed from Accredo Specialty pharmacy or Chartwell Specialty pharmacy. (Some common injectable medications may be available at your local retail pharmacy; however, other Specialty injectables are available only through Accredo or Chartwell and may be subject to a one-month supply dispensing limit.)
- If your provider or pharmacist determines that a partial fill or refill of a maintenance medication is

Specialty Medications:

- You and your doctor can continue to order new prescriptions or refills for Specialty and injectable medications by contacting a Specialty pharmacy. Accredo can be reached by calling 1-888-853-5525. Accredo is available Monday through Friday from 8 a.m. to 11 p.m. and Saturday from 8 a.m. to 5 p.m. TTY users should call 711. Chartwell can be reached by calling 1-800-366-6020. Chartwell is available Monday through Friday from 8 a.m. to 5:30 p.m.

When using the mail-order or Specialty pharmacy service, you must pay your Copayment or other cost-sharing amount before receiving your medicine through the mail. The Copayment or Coinsurance amount applies to each original prescription or refill (name-brand or generic).

You may also obtain 90-day supplies at two times the copayment for most prescriptions at the University Pharmacy by calling 412-383-1850 or Falk Clinic Pharmacy by calling 412-623-6222.

Certain oral chemotherapy medication prescriptions are limited to a 15-day supply for the first one month of the prescription. The Specialty pharmacy will work with you and your provider before processing each 15-day supply to verify that you are continuing with the treatment.

The Your Choice Formulary

Your Choice: The *Your Choice* formulary is a five-tier formulary consisting of a Preferred Generic Medication tier (Tier 1), a Preferred Brand Medication tier (Tier 2), a Nonpreferred Medication tier (Tier 3), a Specialty Medication tier (Tier 4), and a \$0 Preventive Medication tier (Tier 5). Tier names describe the most common

type(s) of medication (such as brand and generics) within that tier.

Brand medications on the Preferred Brand Medication tier are available to members at a lower cost-share than nonpreferred medications. Formulary high-cost medications such as biologicals are covered in the Specialty tier, which may have stricter days'-supply limitations than the other tiers. The \$0 Preventive Medication tier includes some preventive medications

covered at no cost-share when you meet certain criteria in accordance with the Patient Protection and Affordable Care Act of 2010 (PPACA). Some medications may be subject to utilization management criteria, including, but not limited to, Prior Authorization, quantity limits, or step therapy. Selected medications are not covered by this formulary.

Medications Requiring Prior Authorization

Some medications may require that your provider consult with UPMC Health Plan's Pharmacy Services Department before he or she prescribes the medication for you. Pharmacy Services must authorize coverage of those medications before you fill the prescription at the pharmacy. Please see your formulary book for a listing of medications that require Prior Authorization.

Step Therapy

Step therapy is the practice of using specific medications first when beginning drug therapy for a medical condition. The preferred course of treatment may be generic medications, preferred brand medications or drugs that are considered as the standard first-line treatment. Please see your pharmacy brochure for a listing of medications that require step therapy.

Quantity Limits

UPMC Health Plan has established quantity limits on certain medications to comply with the guidelines established by the Food and Drug Administration (FDA) and to encourage appropriate prescribing and use of these medications. Also, the FDA has approved some medications to be taken once daily in a larger dose instead of several times a day in a smaller dose. For these medications, your benefit plan covers only the larger dose per day.

Additional Coverage Information

Your pharmacy benefit plan may cover additional medications and supplies and may exclude medications that are otherwise listed on your formulary. Your benefit plan may also include specific cost-sharing provisions for certain types of medications or may offer special deductions in cost-sharing for participating in certain health management programs. Please read this section carefully to determine additional coverage information specific to your benefit plan.

- **Your pharmacy benefit plan includes coverage for contraceptives.**
- **Your pharmacy benefit plan includes coverage for**

the FDA-approved oral erectile dysfunction medications that are used on an as-needed basis (such as sildenafil, tadalafil, and vardenafil) and are subject to a utilization management quantity limit. Tadalafil (5mg) and sildenafil (all strengths) tablets have a quantity limit of 6 tablets per 30 days. Tadalafil (10mg, 20mg) and vardenafil tablets have a quantity limit of 4 tablets per 30 days. Tadalafil 2.5 mg, Muse, Caverject, and Edex are excluded from coverage.

- **Infertility medication coverage is included at 20% Coinsurance, and there is a Lifetime Maximum of \$10,000. The amount applied toward the Lifetime Maximum will be 80% of the cost of the prescription medication(s). The Lifetime Maximum set forth in this medication rider are for infertility prescription medications provided under this rider only and shall not apply to prescriptions medications covered by an applicable Prescription Medication Rider. Only prescription medication(s) approved by the Food and Drug Administration for uses related to female and male infertility will be covered by this rider. Please contact Member Services at the phone number on the back of your member ID card for questions related to the coverage of a specific infertility medication. Please refer to your Certificate of Coverage for specific infertility coverage information.**
- **Your pharmacy benefit plan includes limited coverage for weight loss medications when prescribed by a select group of providers. These medications require a Prior Authorization.**
- **Your pharmacy benefit plan includes coverage for some preventive medications at no cost-share when you meet certain criteria in accordance with the Patient Protection and Affordable Care Act of 2010 (PPACA).**
- **Transgender services medication coverage is included at benefit limits set forth in the Certificate of Coverage. Please refer there and to the transgender services medication Prior Authorization policy for specific coverage information.**
- **Your pharmacy benefit plan includes special cost-sharing provisions for diabetic supplies:**
 - Each individual item in a group of diabetic supplies, including, but not limited to, insulin,

injection aids, needles, and syringes, is subject to a separate Copayment.

- There is no Copayment for diabetic supplies when insulin is purchased.
- **Your pharmacy benefit plan has special cost-sharing provisions when you choose brand-name medications instead of generic medications:**
 - According to your formulary, generic medications will be substituted for all brand-name medications that have a generic version available.
- If the brand-name medication is dispensed instead of the generic equivalent, you must pay the Copayment associated with the brand-name medication as well as the price difference between the brand-name medication and the generic medication.
- If your prescribing provider demonstrates to UPMC Health Plan that a brand-name medication is Medically Necessary, you will pay only the Copayment associated with the nonpreferred brand-name medication.
