Welcome and General Information for Members

This document is your Pediatric Dental Certificate of Insurance (“Certificate”) for your Preferred Provider Organization (PPO) dental plan. If this Certificate has been purchased on behalf of a child, references to “you” or “your” should be considered to reference the child. Your Certificate establishes the terms of coverage for your dental plan. It sets forth what services are covered and what services are not covered. It explains the procedures that you must follow to ensure that the dental services you receive will be covered under your benefit plan. It also describes how you can submit a claim, file a Complaint or Grievance, and other information that you may need to know to access your dental benefits. The Certificate acts as a contract between you and the Plan, setting forth your obligations as a Member and our obligations as your dental plan.

It is important to use this Certificate along with your Pediatric Dental Schedule of Benefits. Your Pediatric Dental Schedule of Benefits is the document that outlines your coverage amount. Anything contained herein to the contrary notwithstanding, the Plan shall have the right, for the purpose of complying with the provisions of any law or any lawful order of a regulatory authority, to amend the Certificate or any attachment hereto or to increase, reduce, or eliminate any of the benefits provided for in the Certificate for any one or more eligible Members enrolled under the Certificate, and each party hereby agrees to any amendment of the Certificate which is necessary in order to accomplish such purpose.

The dental coverage described in this document is deemed an Essential Health Benefit (EHB) for Members up to the age of 19 and applies only to those Members who meet this criterion.

This Certificate does not divide or give back any excess premiums to its Members.

This PPO plan may not cover all your dental expenses. Read this Certificate carefully to determine which dental services are covered.

You have the right to return this Certificate within 10 days of its delivery and to have the premium rate refunded if, after examination of the Certificate, you are not satisfied for any reason.

Terms and Definitions to Help You Understand Your Coverage

The following are some important, frequently used terms and definitions that the Plan uses in this Certificate and when administering your benefits.

Adverse Benefit Determination – Any decision by the Plan that denies, reduces, terminates, fails to provide, or fails to pay for a benefit or approves a requested health care service that is lesser in scope or an alternative to the service requested.

Appeal – A request for your Plan to review a decision that denies a benefit or payment.

Benefit Limit – The maximum amount that the Plan will pay for a Covered Service. Some Benefit Limits are discussed in this Certificate, but generally are set forth in your Pediatric Dental Schedule of Benefits.

Benefit Period – The specified period of time (for which you are eligible for coverage during your university/school's contract year) during which charges for Covered Services must be incurred in order to be eligible for payment by UPMC Health Plan. A charge shall be considered incurred on the date you receive the service or supply.

Coinsurance – The percentage of expenses for Covered Benefits that you are responsible to pay, after meeting your Deductible, if you have one. The amount of your Coinsurance depends upon the plan you are enrolled in. Refer to your Pediatric Dental Schedule of Benefits to determine Coinsurance amounts. Copayments do not apply toward Coinsurance.

Complaint – A dispute or objection by you regarding a Participating Dentist or the coverage (including contract exclusions and noncovered benefits), operations, or management policies of this dental plan, which has not been resolved by the Plan and has been filed with the Plan. Instructions on how to file a Complaint are set forth in the **Resolving Disputes with the Plan** section of this Certificate.

Covered Benefit or Covered Service – A service or supply that meets the requirements set forth in this Certificate.

Deductible(s) – The initial amount that you must pay each year for Covered Benefits before the Plan begins to pay for Covered Benefits. See your Pediatric Dental Schedule of Benefits to determine which services, if any, apply to the Deductible and the Deductible amounts.

Dental Emergency – Unless specifically otherwise defined by federal or state law or regulation, means a dental condition manifesting itself by acute symptoms of sufficient severity (including severe pain) or for which dental attention is required for the prevention of immediate damage to dentition.

Dentally Necessary – Unless otherwise defined in a federal or state law or regulation means those Covered Services that are determined by the Plan to be

- A. commonly recognized throughout the dentist's specialty as appropriate for the diagnosis and/or treatment of the Member's condition, illness, disease, or injury;
- B. provided in accordance with standards of good dental practice and consistent with scientifically based guidelines of dental organizations, research, or health care coverage organizations or governmental agencies that are accepted by the Plan;
- C. reasonably expected to improve an individual's condition or level of functioning;
- D. in conformity, at the time of treatment, with criteria/guidelines adopted by the Plan or its designee;
- E. provided not only as a convenience or comfort measure or to improve physical appearance; and
- F. rendered in the most cost-efficient manner and setting appropriate for the delivery of the health service.

The Plan reserves the right to determine in its sole judgment whether a service is Dentally Necessary and appropriate. Note that, for purposes of coverage, the fact that a dentist orders, prescribes, recommends, or approves a dental service does not mean that the service is a Covered Service.

Grievance – A request by you or your dental provider who has your written consent to have UPMC Health Plan reconsider a decision solely concerning the Dental Necessity and appropriateness of a dental service. If UPMC Health Plan is unable to resolve the matter, a Grievance may be filed regarding the decision that:

- Disapproves full or partial payment for a requested dental care service;
- Approves the provision of a requested dental service for a lesser scope or duration than requested; or
- Disapproves payment for the provision of a requested dental service but approves payment for the provision of an alternative dental service.

Maximum Allowable Charge – The maximum amount the Plan will allow for a Covered Service.

Medical Necessity or Medically Necessary – Health care services covered under your benefit plan that are determined by UPMC Health Plan to be:

- Commonly recognized throughout the provider's specialty as appropriate for the diagnosis and/or treatment of the Member's condition, illness, disease, or injury.
- Provided in accordance with standards of good medical practice and consistent with scientifically based guidelines of medical, research, or health care coverage organizations or governmental agencies that are accepted by UPMC Health Plan.
- Reasonably expected to improve an individual's condition or level of functioning; and in conformity, at the time of treatment, with medical management criteria/guidelines adopted by UPMC Health Plan or its designee.
- Provided not only as a convenience or comfort measure or to improve physical appearance.
- Rendered in the most cost-efficient manner and setting appropriate for the delivery of the health service.

The Plan reserves the right to determine whether a health care service meets these criteria. Approval for coverage based upon Medical Necessity shall be made by UPMC Health Plan, at its discretion, with input from the treating provider.

Note that the fact that a provider orders, prescribes, recommends, or approves a health care service does not mean that the service is Medically Necessary or a Covered Benefit for purposes of coverage.

Member – An individual who is enrolled in and covered by the Certificate.

Nonparticipating Dentist – A dentist who is not a contracted provider with the Plan.

Out-of-Pocket Maximum – The maximum dollar amount you are responsible for during a Benefit Period before the Plan will pay for all of your Covered Benefits. Deductible and copayments do count toward your Out-of-Pocket Maximum. See your Medical Schedule of Benefits for Out-of-Pocket Maximum amounts.

Participating Dentist – A dentist who has entered into an agreement with the Plan to render Covered Services to UPMC Health Plan Members.

Predetermination – The review of a treatment plan to determine the eligibility of a Member and the coverage for services in accordance with the Pediatric Dental Schedule of Benefits, the Schedule of Exclusions, and the Plan allowance for such services.

Prior Approval – A formal process requiring a provider obtain approval to provide particular services or procedures before they are done. This is usually required for nonemergency services that are expensive or likely to be abused or overused. The Plan will identify those services and procedures that require prior authorization, without which the provider may not be compensated by the Plan.

Proof of Loss – Documentation to support a claim.

Pediatric Dental Schedule of Benefits – List of Covered Services, Coinsurances, and limits.

Salzmann Index – An assessment record used to disclose whether a handicapping malocclusion is present and to assess its severity according to the criteria and weights (point values) assigned to them for Member's entering orthodontic treatment.

Service Area – The Plan’s primary Service Area, which consists of the counties listed in the most current version of the UPMC Health Plan provider directory. These are the counties in which UPMC Health Plan is licensed to do business and in which most of its Participating Dentists are located.

Treatment Plan(s) – The written report of a series of procedures recommended for the treatment of a specific dental disease, defect, or injury, prepared for a Member by a dentist as a result of an examination.

Usual, Customary, and Reasonable (UCR) – For the services authorized by UPMC Health Plan that are provided by a Nonparticipating Dentist, the UCR charge is the amount that UPMC Health Plan determines is reasonable for Covered Services pursuant to industry standards. The Nonparticipating Dentist may charge you the difference between the billed amount and the UCR amount.

How the Dental Plan Works

Choosing a dental provider

You are enrolled in the UPMC Health Plan Preferred Provider Organization (PPO) dental plan. That means you have the ability to self-direct your care. You have two levels of benefits. You can use Participating Dentists, also called in-network providers, for all Covered Services as well as Nonparticipating Dentists, which are also called out-of-network providers, for most Covered Services. If you obtain services from Participating Dentists, you will receive the highest level of benefit coverage. If you obtain services from Nonparticipating Dentists, you will receive a lower level of benefit coverage. Be sure to read this Certificate of Insurance to determine whether a service will be covered if obtained from a Nonparticipating Dentist.

Remember, if you use Nonparticipating Dentists, you may receive a lower level of benefit coverage, and you may be billed by those Nonparticipating Dentists for the difference between the provider's charges and the allowed amount. This means that, because the Plan does not contract with a Nonparticipating Dentist, the provider can bill you for any amount over and above what the Plan covers.

To find a Participating Dentist, visit us at www.upmchealthplan.com or call our Health Care Concierge team at **1-877-648-9640 (TTY: 711)**. When you visit the dental office, let your dentist know that you are covered under UPMC Health Plan. If your dentist has questions about your eligibility or benefits, instruct the office to call **1-877-648-9609 (TTY: 711)** or visit www.upmchealthplan.com/dental.

Relationship with providers

UPMC Health Plan recognizes the importance of maintaining the continuity of care rendered to you by your treating dentists. Accordingly, to facilitate the management and quality of your overall treatment, the Plan may exchange information, including claims information, with your dentists.

The relationship between the Plan and Participating Dentists is that of independent contractors, and neither the Plan nor any Participating Dentist shall be considered an agent or representative of the other for any purpose.

The Plan makes no express or implied warranties or representations concerning the qualifications or continued participation of any Participating Dentist. The choice to use a particular provider is solely your own.

Participating Dentists may be terminated in the Plan's sole discretion. You may be required to choose another Participating Dentist if the provider rendering services to you terminates or is terminated from participation during the term of your enrollment, unless otherwise set forth herein or as required by state or federal law or regulation. You will be notified via letter if the provider rendering services to you is terminated.

The Plan does not provide or render Covered Services, but only makes payment or provides coverage for Dentally Necessary Covered Services that you receive. Participating Dentists are solely responsible for any dental services rendered to you and their other patients. The Plan is not liable for any act or omission of any provider who renders dental services to you. The Plan has no responsibility for a provider's failure or refusal to render health care services to you.

Residents outside Pennsylvania

UPMC Health Plan's Dental Provider Network is currently limited to the Commonwealth of Pennsylvania. UPMC Health Plans has partnered with DenteMax LLC to offer in-network benefits for Members with permanent residence outside Pennsylvania. To find a participating DenteMax dentist outside Pennsylvania, [visit us at www.upmchealthplan.com](http://www.upmchealthplan.com) or contact our Health Care Concierge team for assistance at 1-877-648-9640 (TTY: 711).

When seeking dental care inside Pennsylvania, to receive in-network benefits, Members must always use a UPMC Health Plan Participating Dentist. Members residing in specific Pennsylvania counties outside of the primary Service Area may have access to Participating Dentists through the DenteMax network. For further information or a listing of eligible counties, visit www.upmchealthplan.com or call **1-877-648-9640 (TTY: 711)**. If a Member sees a DenteMax dentist located in any county located in Pennsylvania that is out-of-network and not a UPMC Health Plan Participating

Dentist, then these benefits will be paid at the out-of-network rate.

Care when you are away from home

UPMC Health Plan recognizes that when you are traveling away from home, you may suffer a dental-related illness or injury. To receive all of the benefits of an in-network dentist while you are outside of the UPMC Health Plan Service Area, Members must access the DenteMax provider network. To find a participating DenteMax dentist outside of Pennsylvania, log into *MyHealth OnLine* via www.upmchealthplan.com and click on Find Care, then select Find Dental, which will bring you to the provider search page, or contact Member Services for assistance at **1-877-648-9640 (TTY: 711)**.

Remember, out-of-network providers do not have to comply with UPMC Health Plan policies and procedures. If you receive out-of-network services, you may be financially responsible for the difference between what UPMC Health Plan reimburses the Nonparticipating Dentist and the amount billed for the treatment and services.

Predetermination

A Predetermination is a review by the Plan before treatment to determine Member eligibility and coverage for planned services. Predetermination is not required before you receive a service. However, it is recommended for extensive, more costly treatment, such as crowns and bridges. A Predetermination gives you and your dentist an estimate of your coverage and how much your Member cost sharing will be for the treatment being considered.

To have a service Predetermined, have your dental provider visit our website at www.upmchealthplan.com to submit the Predetermination online or submit a claim showing the planned procedures but leaving out the dates of service. The treatment plan will determine benefits payable, taking into account exclusions. We will notify you of the estimated payment.

When the services are performed, have your dentist call 1-877-648-9609 TTY: 711) or submit an actual claim via Electronic Data Interchange (EDI), paper, or online through the UPMC Health Plan website (secure provider website). Any Predetermination amount estimated is subject to continued eligibility of the Member. We may also make adjustments at the time of final payment to correct any mathematical errors, apply coordination of benefits, and comply with your Plan in effect and the remaining program limit dollars available on the date of service.

This Predetermination in no way guarantees or implies that payment will be made. Payment is contingent upon the Member's benefit eligibility on the date services are rendered. The amount paid may be less than shown if benefits are payable under another plan that is primary.

Prior Approval for orthodontic services

Orthodontic treatment is only covered by the Plan when deemed Medically Necessary. Providers must receive Prior Approval before beginning treatment by completing and submitting a Salzmann Index Evaluation. Members must meet a score of 25 or greater to be considered eligible for orthodontic treatment. Scores of less than 25 are considered ineligible for treatment.

Members have the right to appeal denials for orthodontic treatment. Providers may also submit an appeal on behalf of a Member who has been denied coverage. Refer to the **Resolving Disputes with the Plan** section for additional information.

Orthodontic treatment performed by a Nonparticipating Dentist is not covered by the Plan.

Benefits

UPMC Health Plan provides coverage for the following dental services when those services are Dentally Necessary. Refer to your Pediatric Dental Schedule of Benefits for Deductibles and Coinsurance amounts as well as any Benefit Limits related to Covered Services. You may obtain Covered Services from either Participating or Nonparticipating Dentists and receive varying levels of coverage, as discussed throughout this Certificate.

Remember that a statement from your dentist saying he or she believes you should have certain services does not mean that those services are Covered Services for purposes of coverage under your benefit plan.

Any Affordable Care Act (ACA) requirements involving medical benefits will be included in your medical Policy.

Services

The general descriptions below explain the services on your Pediatric Dental Schedule of Benefits. The descriptions are *not* all-inclusive — they include only the most common dental procedures in a class or service grouping. Specific dental procedures may not be covered depending on your Plan. All services are subject to UPMC Health Plan policies and procedures. Refer to your Pediatric Dental Schedule of Benefits for Deductible and Coinsurance amounts as well as any Benefit Limits related to Covered Services. Services covered in your Pediatric Dental Schedule of Benefits are also subject to the Schedule of Exclusions included in this document and in your medical Policy. You may also log in to MyHealth OnLine at www.upmchealthplan.com to check coverage. Also, your dentist may call UPMC Health Plan to verify coverage of specific dental procedures.

Your dental services and procedures are divided into four classifications:

- Class I: Diagnostic/Preventive Services
- Class II: Basic Services
- Class III: Major Services
- Orthodontics (if medically necessary and performed by a Participating Dentist)

Each class has a specified percentage that will be paid by UPMC Health Plan for each service that you receive. Members should refer to their Pediatric Dental Schedule of Benefits for more information. Below you will find a list of services that fall into each class. This list of services is *not* all-inclusive — it includes only the most common dental services and procedures in a class or service grouping.

Class I: Diagnostic/Preventive Services

- Exams and x-rays for diagnosis, including:
 - Oral evaluations
 - Bitewing X-rays
 - Complete series and panoramic films
- Cleanings, fluoride treatments, and sealants for prevention
- Palliative treatment for relief of pain for dental emergencies
- Space maintainers to prevent tooth movement
- Nonsurgical periodontics for nonsurgical treatment of the gums and bones supporting the teeth, including:
 - Periodontal scaling and root planing
 - Periodontal maintenance

Class II: Basic Services

- Amalgam and composite fillings

- Extractions – nonsurgical removal of teeth and roots
 - Pulpal therapy
 - Endodontic therapy to treat the dental pulp, pulp chamber, and root canal – root canal treatment and retreatment, pulpotomy, pulpal therapy, apicoectomy, and apexification.
- Also includes:
- Treatment plan
 - Clinical procedures
 - Follow-up care
- Surgical periodontics for surgical treatment of the tissues supporting and surrounding the teeth (gums and bone), including:
 - Gingivectomy
 - Gingivoplasty
 - Gingival flap procedure
 - Crown lengthening
 - Pin retention

Class III: Major Services

- Inlays, onlays, implants, and crowns when the teeth cannot be restored by fillings
- Prosthodontics
- Dentures (complete and partial)
- Replacement of missing or broken teeth

Orthodontics (if medically necessary and approved by UPMC Health Plan)

Orthodontics are subject to approval by UPMC Health Plan. Patients must meet a score of 25 or higher on the Salzmann scale to be eligible for treatment.

- For treatment of poor alignment and occlusion
- Coverage is for eligible children under the age 19 and includes:
 - Diagnostic x-rays
 - Active treatment
 - Pin Retention
- Orthodontics is also subject to the medical plan deductible
- Orthodontic treatment performed by a Nonparticipating Dentist is not covered by the Plan

Orthodontics is a lifetime benefit available to you during the duration of your coverage with your plan. If you or an eligible family member is undergoing orthodontic treatment on the effective date of your UPMC Health Plan coverage, your benefits will be transitioned in the following way, if deemed Medically Necessary and approved by UPMC Health Plan: UPMC Health Plan distributes the lifetime orthodontic benefit throughout the course of treatment for eligible Members. The payment schedule is determined based on the banding date and the estimated length of treatment (benefits may be prorated). If orthodontic treatment is already in progress on the effective date of your UPMC Health Plan coverage, your current orthodontist will receive the remainder of your maximum lifetime benefit from UPMC Health Plan based on the remaining months of treatment and the dental EHB plan design.

Eligible EHB Members must satisfy their shared medical/orthodontic dental Deductible before the Plan makes any payments.

Anesthesia

Anesthesia is not payable under UPMC Health Plan. However, the Member may have coverage for anesthesia services under his or her medical benefits.

General anesthesia and associated medical costs are provided to an eligible dental patient, which includes children 7 years of age or younger or developmentally disabled Members of any age for whom a successful result cannot be expected for treatment under local anesthesia and for whom a superior result can be expected for treatment under general anesthesia.

Anesthesia coverage under the Member's medical plan may have limitations, restrictions, and requirements. Please refer to your medical Policy or plan documents.

Pediatric Dental Schedule of Benefits

Your benefits are shown in the enclosed Pediatric Dental Schedule of Benefits. The Pediatric Dental Schedule of Benefits shows:

- The classes of dental services covered, shown with the percentage of the Maximum Allowable Charge that the Plan pays for those services as well as examples of services covered in each class.
- Any Member out-of-pocket costs or cost sharing for a Covered Service.
- Any Deductibles you and/or your family must pay per Benefit Period before any covered services will be paid by the Plan and the Covered Services for which there are no Deductibles.
- Any limits for Covered Services for a given period of time, for example, annual for most services and lifetime for orthodontics. Annual limits are applied on a Benefit Period basis.

Your out-of-pocket costs

In order to keep the plan affordable for you, the dental plan includes certain cost-sharing features. If the class or service grouping is not covered under the plan, the Pediatric Dental Schedule of Benefits will indicate "not covered." You will be responsible to pay your dentist the full charges for services that are not Covered Services.

Classes or service groupings shown with "Plan Pays" percentages greater than 0 percent but less than 100 percent require you to pay a portion of the cost for the Covered Service. For example, if the dental plan pays 80 percent, your share, or Coinsurance, is 20 percent of the Maximum Allowable Charge. You are also responsible for paying any Deductibles and charges exceeding the limits. The individual Deductible applies when a Certificate covers one Member up to 19 years old. For policies with two or more Members up to 19 years old, the eligible dependents Deductible applies. Copayments, Coinsurance, and Deductible for dental benefits apply toward satisfaction of the Out-of-Pocket Maximum specified in your Medical Schedule of Benefits.

Exclusions

No benefits will be provided for services, supplies, or charges detailed in the Schedule of Exclusions.

Claims

Claim submissions

If you receive care from a Participating Dentist, you should not have to submit a claim to the Plan. The Participating Dentist will bill the Plan, and the Plan will pay the provider directly. However, if you obtain Dentally Necessary Covered Services from a Nonparticipating Dentist, you may have to file a claim yourself. To submit a claim, follow the steps below.

To obtain a claim form, log in to *MyHealth OnLine* via www.upmchealthplan.com or contact Member Services at (1-877-648-9640 (TTY:711)). Be sure to include the following on the claim form:

- Member's name
- Member's date of birth
- Member's Social Security number
- Member's name and address
- The name and policy number of a second insurer if the Member is covered by another dental plan
- Proof of payment (if no proof of payment, the Member will need to include detailed information regarding the service – provider name, address, date of service, and amount charged)

For approved orthodontic treatment, covered under the plan, an explanation of the planned treatment (treatment plan) must be submitted to the Plan. Upon review of the information, we will notify you and your dentist of the reimbursement schedule, frequency of payment over the course of treatment, and your share of the cost. Claim forms should be sent to:

UPMC Health Plan
P.O. Box 1600
Pittsburgh, PA 15230-1600

Remember, a request for payment of a claim will not be reviewed, and no payment will be made unless all of the information described above has been submitted to the Plan. The Plan reserves the right to require additional information and documents, if necessary, to support your claim. Should you have any questions concerning your coverage, eligibility, or a specific claim, contact UPMC Health Plan at **1-877-648- 9640 TTY: 711**) or log in to *MyHealth OnLine* at www.upmchealthplan.com.

Notice of claim

The Plan will not be liable under this Certificate unless proper notice is furnished to the Plan that Covered Services in this Certificate have been rendered to a Member. Written notice must be given to the Plan within 20 days following the date in which the Covered Services were rendered or as soon as reasonably possible thereafter. The Member must give notice to the Plan in writing at UPMC Health Plan, P.O. Box 1600, Pittsburgh, PA 15230-1600. The notice must include the data necessary for the Plan to determine benefits. A charge shall be considered incurred on the date the Member receives the service or supply for which the charge is made.

Claim forms

Proof of Loss for benefits under this Certificate must be submitted to the Plan on the appropriate claim form. The Plan, upon receipt of notice of claim will, within 15 days following the date the notice of a claim is received, furnish claim forms to the Member for filing Proofs of Loss. If claim forms are not furnished within 15 days after the giving of such notice, the Member shall be deemed to have complied with the requirements of this subsection as to filing a Proof of Loss upon submitting, within 90 days, itemized bills for Covered Services as described below. The Proof of Loss may be submitted to the Plan at the address on file for the Member.

Proof of Loss

Written Proof of Loss must be furnished to the Plan within 90 days after the date of such loss. Failure to give notice to the Plan within the time required will not reduce any benefit if it is shown that the notice was given as soon as reasonably possible, but in no case, except in the absence of legal capacity, will the Plan be required to accept notice later than one year after the end date in which the Covered Service was rendered.

Timely payment of claims

Subject to written Proof of Loss, all claims payable under this Certificate will be paid immediately, according to any applicable regulatory requirements. For submitted claims, the Plan will not be liable under this Certificate unless proper notice is furnished to the Plan that Covered Services have been rendered to a Member.

UPMC Health Plan will not be responsible for payment of claims for Covered Services that are submitted more than one year from the date of service.

Payment of claims

Claims payable under this Certificate when loss of life has occurred will be payable in accordance with the beneficiary designation and the provisions respecting such payment, which may be prescribed herein and effective at the time of payment. If no such designation or provision is then effective, claims shall be payable to the estate of the insured. Any other accrued claims unpaid at the insured's death may, at the option of the Plan, be paid either to such beneficiary or to such estate. All other claims will be payable to the insured.

Payment of benefits

If you have treatment performed by a Participating Dentist, we will pay Covered Benefits directly to the Participating Dentist. Both you and the dentist will be notified of Plan payment and any amounts you owe for Coinsurance, Deductibles, charges exceeding limits, or denial of noncovered services. Payment will be based on the Maximum Allowable Charge that the treating Participating Dentist has contracted to accept and what your benefit allows.

If you receive treatment from a Nonparticipating Dentist, we will send payment for Covered Benefits to you unless otherwise indicated on the claim form. You will be notified of the Plan payment and any amounts you owe for Coinsurance, Deductibles, charges exceeding limits, or denial of noncovered services. The Plan payment will be based on the Maximum Allowable Charge for the services. You will be responsible to pay the dentist any difference between the Plan's payment and the dentist's full charge for the service.

Change of Beneficiary

The right to change of beneficiary is reserved to the insured and the consent of the beneficiary or beneficiaries shall not be requisite to surrender or assignment of this Certificate or to any change of beneficiary or beneficiaries, or to any other changes in this Certificate.

Overpayments

If we make an overpayment for benefits, we have the right to recover the overpayment. In the event that overpayment was made to the Member, we will recover the overpayment by requesting a refund. Recovery will be done in accordance with any applicable state laws or regulations.

Coordination of benefits

When a Member is eligible for coverage under more than one dental plan, the Plan will coordinate your benefits with those plans. The Plan does this to make sure that your benefits will be paid appropriately while preventing duplicate payments. This is how coordination of benefits works for your benefit plan:

- When your other coverage does not mention "coordination of benefits," then that coverage pays first. Benefits paid or payable by that coverage will be taken into account when we determine if additional benefit payments can be made under this plan.
- When you are covered as an employee under one plan and as a dependent under another, the employee coverage pays first.
- When the dependent child is covered under two plans, the plan covering the parent whose birthday occurs earlier in the calendar year pays first. If both parents have the same birthday, then the plan under which one parent was covered longest pays first.
- If the dependent child's parents are separated or divorced and:
 - The parent with custody of the child has not remarried, the coverage of the parent with custody pays first.
 - The parent with custody has remarried, the coverage of the parent with custody pays first, but the stepparent's coverage, if any, pays before the coverage of the parent without custody.

- There is a court order that specifies the parent who is financially responsible for the child's dental expenses, the coverage of that parent pays first.
- When none of the above circumstances applies, the coverage that you have had the longest applies first, as long as:
 - The benefits of a plan covering the person as an employee other than a laid-off or retired employee or as the dependent of such person shall be determined before the benefits of a plan covering the person as a laid-off or retired employee or as a dependent of such person, and the other plan does not have a provision regarding laid-off or retired employees and, therefore, the benefits of each plan are determined after the other, then the provisions listed above shall not apply.

If you or your provider receive more than you should have when your benefits are coordinated, you or your provider will be expected to repay the overpayment. It is the policy of UPMC Health Plan to review all other insurance coverage prior to releasing a claim for payment. If other insurance coverage is found after a payment has been made, a review will determine which plan pays first and what action will be taken in regard to any claims in question. Whenever payments should have been made by the Plan, but payments were made under another benefit plan, UPMC Health Plan has the right to pay to the benefit plan that has made such payment any amount that the Plan determines to be appropriate under the terms of this Certificate. Any amounts paid shall be considered to be benefits paid in full under this Certificate.

If the Plan makes payment for Covered Services in excess of the amount of payment pursuant to this Certificate, irrespective of to whom those amounts were paid, UPMC Health Plan shall have the right to recover the excess amount from any person or entity to or for whom such payments were made. Upon reasonable request by the Plan or its agent, you must execute and deliver such documents as may be required and do whatever else is reasonably necessary to secure the UPMC Health Plan's rights to recover the excess payments.

UPMC Health Plan is not required to determine whether or not you have other dental benefits or insurance or the amount of benefits payable under any other dental benefits or insurance. The Plan shall only be responsible for coordination of benefits to the extent that information regarding your other insurance is provided to the Plan by you, another insurance company, or any other entity or person authorized to provide such information.

Review of a benefit determination

If you are not satisfied with the Plan's benefit determination, please contact us at **1-877-648-9640 (TTY:711)**. If you are still dissatisfied after speaking with a Health Care Concierge, refer to the **Resolving Disputes with the Plan** subsection of this Certificate for further steps you can take regarding your claim.

Resolving Disputes with the Plan

At times, you may not be satisfied with a decision that the Plan makes regarding your coverage or with the dental services you have received. As a Member of UPMC Health Plan, you have the right to file a Complaint or Grievance also referred to as an appeal of an Adverse Benefit Determination for the purposes of the Affordable Care Act.

The Complaint and Grievance process

You have 180 calendar days after an issue arises to file an appeal with UPMC Health Plan. This may be done verbally or in writing. This may include issues such as a notice of a denial of coverage, an Explanation of Benefits showing a denial, or other Adverse Benefit Determination. Your appeal will be classified as either a “Complaint” about a participating health care provider or the coverage, operations, or management policies of UPMC Health Plan, or a “Grievance” about a decision by UPMC Health Plan regarding the dental necessity or appropriateness of a dental service.

To initiate the Complaint or Grievance process, you or your representative may submit your request in writing to the address below. You are encouraged to include supporting documentation with your request or have your dental provider submit additional clinical information.

You may designate a representative to act on your behalf at any point during the Complaint or Grievance process. You may also contact Member Services to ask that a UPMC Health Plan staff member help you prepare your Complaint or Grievance. Member Services can provide additional information about care associated with the claim, coverage or treatment. Verbal appeals can be made to our Health Care Concierge team by calling **1-877-648-9640 (TTY:711)**.

You are entitled to receive, upon request, reasonable access to copies of all documents relevant to your Complaint, Grievance, or Adverse Benefit Determination free of charge, or instructions on how to obtain the documents. Documentation may include the benefit provision, guideline, protocol, diagnosis codes, or treatment codes on which the decision was based. To request this documentation, please call the phone number on the back of your member identification card. While it is recommended to send your Complaint or Grievance in writing, the member services department can take your concern over the phone and forward your appeal to the complaint and grievance department for processing.

1. UPMC Health Plan acknowledges the Complaint or Grievance.

The Plan sends a letter to the Member within five business days stating that it has received the Complaint or Grievance.

2. The Initial Complaint Review Committee investigates the Complaint or Grievance.

The Committee, which consists of one or more Plan employees, investigates the Complaint or Grievance.

3. The committee makes a decision and notifies the Member.

The committee makes a decision within 30 calendar days of receiving a Complaint or post service Grievance, or 15 days for a pre-service Grievance. The Committee notifies the Member in writing within five business days of making its decision, giving its reasons and the Member’s appeal rights, if applicable.

General Provisions

This Certificate includes and incorporates any and all Schedule of Benefits and, together, the Pediatric Dental Certificate of Insurance and Pediatric Dental Schedule of Benefits represent the entire agreement between the parties with respect to the subject matter. The failure of any section or subsection of this Certificate shall not affect the validity, legality, and enforceability of the remaining sections.

Except as otherwise herein provided, this Certificate may be amended, changed, or modified only in writing by the Plan and thereafter attached hereto as part of this Certificate.

The Plan may assign this Certificate and its rights and obligations hereunder to any entity under common control with the Plan.

Amendment

Anything contained herein to the contrary notwithstanding, UPMC Health Plan shall have the right, for the purpose of complying with the provisions of any law or any lawful order of a regulatory authority, to amend the Certificate or any attachment hereto or to increase, reduce, or eliminate any of the benefits provided for in the Certificate for any one or more eligible Members enrolled under the Certificate, and each party hereby agrees to any amendment of the Certificate which is necessary in order to accomplish such purpose.

Application and statements

Applicants for coverage under this plan shall complete and submit such application or other forms or statements as UPMC Health Plan may reasonably request. Applicants for coverage under this plan represent that all information contained in such application forms, or statements submitted for enrollment under this Certificate or the administration hereof shall be true, correct, and complete to the best of their knowledge or belief, and all rights to benefits hereunder are subject to the condition that such information shall be true, correct, and complete. A person who knowingly and with intent to defraud UPMC Health Plan by completing forms containing false information or by omitting relevant information commits a fraudulent insurance act, which is a crime and may be subject to criminal and civil penalties or the termination of coverage hereunder. Please see the Time limit on certain defenses (below) provision regarding information you submitted.

Entire contract; changes

Subject to the contract between your school or university and UPMC Health Plan, this Certificate of Insurance, including the schedules, riders and other documents attached hereto and issued in accordance herewith, represents the entire contract of insurance between your school or university and UPMC Health Plan. No agent or representative of UPMC Health Plan other than a Health Plan officer may otherwise change this Certificate or waive any of its provisions. Fraud, waste and abuse

According to Pennsylvania statute:

Any person who knowingly and with intent to defraud any insurance company or other person who files an application for insurance or statement of claim containing any materially false information, or conceals for the purpose of misleading, information concerning any fact material thereto, commits a fraudulent insurance act, which is a crime and subjects such person to criminal and civil penalties.

UPMC Health Plan is committed to the integrity of, provision of, and payment for health care services to our Members. In the event that you suspect that a UPMC **Health Plan Health Plan** Member or a provider is committing fraud, waste or abuse, call or email contact our Special Investigations Unit at **1-866-FRAUD01(1-888-372-8301)** or specialinvestigationsunit@upmc.edu.

Governing law

This Certificate is entered into and is subject to the laws of the Commonwealth of Pennsylvania. The invalidity or unenforceability of any terms or conditions hereof in no way affects the validity or enforceability of any other terms or

provision. The waiver by either party of a breach or violation of any provision of this Certificate shall not operate as or be construed to be a waiver of any subsequent breach or violation thereof.

Legal actions

No action in law or in equity will be brought to recover on this coverage prior to the expiration of sixty (60) days after written proof of loss for Covered Services has been furnished in accordance with the requirements of this Certificate. No such action will be brought after the expiration of three (3) years after the time written proof of claims for Covered Services was required to be furnished.

Misstatement of age

If your age has been misstated, all amounts payable under the plan shall be the premium amount owed if The Plan had been purchased at the correct age. UPMC Health Plan shall notify you of the correct premium amount immediately following its discovery of the error. The correct premium amount shall also be applied retroactively, which may result in you owing additional premium amounts as of the Effective Date of your Certificate.

If UPMC Health Plan accepts payment of a premium for coverage extending beyond the date determined in the subsection titled Time limit on certain defenses (below), then coverage will continue, except if the acceptance of premium was based on a misstatement of age.

Physical examinations

The Plan, at its own expense, shall have the right and opportunity to examine the person of the insured when and as often as it may reasonably require during the pendency of a claim hereunder.

Grace period

Subject to meeting the eligibility requirements as determined by your school or university which provided this Certificate, a grace period of thirty (30) days from the due date will be granted for payment of the required premium. During the grace period, the Certificate will remain in force. If the required premium payment is not received by the end of the thirty (30)-day grace period, the Certificate will automatically terminate effective the end of the Grace Period. Any claims received and found otherwise eligible during the Grace Period will be paid and may be reduced by any then outstanding premiums.

Reinstatement

If your coverage under this Certificate has been terminated for failure to pay premiums, the Plan will reinstate your coverage as long as the premium due is paid in full within 30-calendar days after the end of the grace period and you meet the eligibility requirements as determined by your school or university which is provided in this Certificate. In all other respects the insured and insurer shall have the same rights thereunder as they had under the Certificate immediately before the due date of the defaulted premium, subject to any provisions endorsed hereon or attached hereto in connection with the reinstatement.

Release of information

Each Member agrees that any person or entity having information relating to an illness or injury for which benefits are claimed under the Certificate may furnish to UPMC Health Plan, upon its request, any information (including copies of records) relating to the illness or injury. In addition, UPMC Health Plan may furnish similar information regarding claims and charges that providers submitted to UPMC Health Plan to other entities that provide similar benefits at the entity's request. Each Member further agrees that approval by UPMC Health Plan of any benefits for services rendered under the Certificate is contingent upon furnishing such information or records or copies of records.

Time Limit on Certain Defenses No misstatements, except fraudulent misstatements, made by the applicant in the application for such coverage shall be used to void this plan or to deny a claim commencing after the expiration of three years from the date of issue of this Certificate. UPMC Health Plan will not reduce or deny any claim for loss that you may incur from the date your plan started on the grounds that a disease or physical condition existed before the date your plan started, unless the disease or physical condition was excluded from coverage by name or by a specific description that was in effect on the date of loss. Material misrepresentations will, at the option of UPMC Health Plan, render this plan void from inception, provided that such material misrepresentations are discovered by UPMC Health Plan within three (3) years of the Effective Date. In the event UPMC Health Plan elects to void this Plan, you forfeit any charges paid to the extent of

any liability incurred by UPMC Health Plan.
