Any remaining funds in your account at the end of the plan year will be forfeited and used to offset the general plan expenses.

Health Care Flexible Spending Account Rollover

The IRS allows a rollover of unused health care flexible spending account contributions up to $570. The rollover does not count against the $2,850 contribution maximum per year, and the rollover may be used to pay for expenses in the year in which it is carried over.

Waiving the account during Open Enrollment for a July 1 effective date allows for the rollover into the next plan year’s account for use during that plan year up to the annual rollover amount.

Purchasing OTC Products

Individuals can purchase over-the-counter (OTC) products with their health care flexible spending account. Participants must submit their purchase receipts for reimbursement as the UPMC Consumer Advantage Visa card cannot be used at this time to complete purchases.

Effective July 1, 2022, Health Incentive Reward Dollars can be used to purchase over-the-counter products and to pay for dental and vision expenses, just like one would use an FSA.

Health Incentive Reward Dollars

Effective July 1, 2022, Health Incentive Reward Dollars can be used to purchase over-the-counter products and to pay for dental and vision expenses, just like one would use an FSA.

Use It or Lose It Rule for Plan Year

The “Use it or Lose It” rule applies to dependent day care, parking, and mass transportation. Other than the exception listed below for dependent care, all claims must be incurred prior to June 1, 2023. Participants must submit those expenses for reimbursement by December 31, 2023. If your coverage ends prior to June 30, 2023, claims must be incurred prior to your last day of coverage. If your coverage ends prior to the end of the plan year, you have six months to submit expenses after the last day of coverage. Any remaining funds in your account at the end of the plan year will be forfeited and used to offset the general plan expenses.

Other than the exception listed below for dependent care, all claims must be incurred prior to June 1, 2023. Participants must submit those expenses for reimbursement by December 31, 2023. If your coverage ends prior to June 30, 2023, claims must be incurred prior to your last day of coverage. Any remaining funds in your account at the end of the plan year will be forfeited and used to offset the general plan expenses.

2 ½ Month Dependent Care Flexible Spending Account Extension

The U.S. Treasury Department granted a 2½ month extension for dependent day care flexible spending accounts. Participants have until September 15 to incur an expense and use any contributions remaining in their dependent care flexible spending accounts. During this grace period, transactions will automatically pull from the previous plan year to exhaust funds before it pulls from the current plan year funds. Expenses incurred during this period must still be submitted to UPMC BMS, the University’s flexible spending account administrator, for reimbursement no later than December 31, 2023.

Incomplete Participation in Plan Year

For the dependent care, parking, and mass transportation accounts: Unused funds will be forfeited if not claimed within six months of the following status changes:

» End of the plan year

» Termination

» Change in status which makes you ineligible for the plan

For the health care account: Unused funds will be forfeited if not claimed within six months for terminations of University employment and other general ineligibility.

In case of termination of University employment or ineligibility during the plan year due to a change in benefit eligible positions, claims can be submitted for expenses incurred prior to the termination/ineligibility date. Expenses and services incurred after the termination/ineligibility date are not eligible for reimbursement.

* The annual IRS maximum is not the same as a household maximum. For example, both Spouse A and Spouse B can elect the annual maximum for a household total of the maximum times 2.

* The annual IRS maximum is equal to a household maximum. For example, both Spouse A and Spouse B can hold a dependent care account, but their combined total must be at or under the annual IRS maximum.

* These amounts are based on a 12-month pay schedule. Individuals on another schedule should adjust accordingly.

* If you terminate the plan earlier than June 30, the filing deadline for Health Care and Dependent Care accounts is six months from your termination date. To receive Parking and Mass Transit account reimbursement, receipts must be submitted within 180 days of the receipt date.

* The annual IRS maximum is equal to a household maximum. For example, both Spouse A and Spouse B can hold a dependent care account, but their combined total must be at or under the annual IRS maximum.

Basic Group Life and AD&D Coverage

The University provides group term life insurance coverage to faculty and staff in the amount of one times your annual salary, rounded up to the next thousand capped at the plan maximum of $50,000. AD&D coverage is also provided in the amount of one times your annual salary, rounded up to the next thousand capped at the plan maximum of $50,000. There is no cost to you.

Optional Coverage and Monthly Rates

Group Life

Optional group term coverage is available to you at your choice of one to six times your annual salary, rounded up to the next thousand capped at the plan maximum of $2 million. This is a fully employee-paid, after-tax benefit that does not reduce federal and state taxes. The monthly premium will be based on your age as of July 1 annually. New hires may elect the lesser of two times their annual salary or $500,000 in optional life insurance without Evidence of Insurability (EOI).

The cost is a calculation of the age-graded rate times each $1,000 of coverage.

To calculate your life insurance cost:

annual salary x additional coverage value (1-6) = total coverage

Employees age 42 with $45,000 annual salary electing to have coverage of three (3) times their salary will have a total coverage of $135,000.

Total coverage / 1,000 x age rate = cost per month

$135,000 / 1,000 x .067 = $9.05

Employee cost per month = $9.05

Dependent Life

Optional dependent life insurance is available to the spouse/domestic partner and children (up to age 26) of faculty and staff members. Eight options are available to choose from for a spouse or domestic partner and three options are available for a dependent child or children. The faculty and staff member would be the automatic beneficiary of any elected benefit. Coverage is subject to Evidence of Insurability (EOI) for spouse/domestic partner. EOI is not required for dependent child coverage. Cost is not age-graded and is constant regardless of the number of dependent children covered.

*Proof of good health, also called Evidence of Insurability (EOI), is required for some types of coverage. EOI is an application process in which you provide information on the condition of your health or your dependent’s health in order to be approved for coverage. The Hartford provides 90 days to submit the EOI application for approval or denial of coverage.
Eligible faculty and staff are offered a Defined Contribution Plan. Details can be found online at www.hr.pitt.edu/retirement.

The plan operates on a calendar year basis and is not subject to an annual open enrollment. Elections or changes may be made online throughout the year. This can be done monthly and as often as you prefer. If you select the effective date to be the first available paycheck, please refer to the University payroll schedule for timing details by visiting www.hr.pitt.edu/payroll-schedule. If you select a future effective date, you are selecting a future date to make a salary deferral agreement and the payroll schedule still applies.

Instructions on how to enroll or make changes can be found at www.hr.pitt.edu/make-changes. Note: Changes to your retirement contributions can only be made through TIAA; changes cannot be made in Pitt Worx.

One important term referred to frequently in the plan is vesting. Under the Defined Contribution Plan, once you have fulfilled the three-year vesting schedule, you have a non-forfeitable right to the University contributions. You are always 100% vested in your contributions into your account. The University contributions will continue to be made even if you opt out of the plan.

Between the ages of 52 and 65, once vested, you have the option of joining the Accelerated Option. You must contribute 8% to participate in this option, and the University match is 14.5%. Participation lasts for up to 120 months or to age 65, whichever occurs first. The University match ceases once participation in the Accelerated Option ends, however the participant can continue contributing to their retirement on an unmatched basis, but must re-enroll in the plan. As needed upon retirement, income streams may be established among the options available. For more information, please call TIAA at 1-800-682-9139, Monday-Friday, 8:00 a.m. – 10:00 p.m.

New hires are automatically enrolled at a 3% contribution rate into a 403(b) plan, but have 60 days to opt out of the plan.

Within the Defined Contribution Plan, employees are permitted to contribute to a 403(b) plan. Contributions to this plan may be made on a pre-tax, Roth after-tax, or after-tax basis. Eligible employees contributing to the 403(b) plan will receive University matching funds into a 401(a) account. The University contributions will be made on a pre-tax basis. Eligible employees also have the opportunity to contribute to a 457(b) plan on a pre-tax or Roth after-tax basis. Contributions to the 457(b) plan are not considered for matching contributions.

Eligible faculty, staff, and research associates become vested in the 403(b) plan after having completed 1,000 hours of participation in the plan in three separate calendar years. Once vested, the participant has ownership of the contributions given by the University. You are always 100% vested in your contributions into the 403(b) plan.

Employee-Only Contributions

Eligible faculty, staff, and research associates may elect to make supplemental tax-deferred or pre- or post-Roth contributions without a University matching contribution, but within the limits permitted by tax regulations.

Universal Availability

All employees who are not eligible for the University matching contribution may make elective tax-deferred contributions within the limits permitted by tax regulations. Learn more about universal availability online at www.hr.pitt.edu/universal-availability.
