Eligibility, Enrollment, and Status Changes Outside of Open Enrollment

Eligibility for Health and Welfare Plans
Participation is open to:
- Full-time regular faculty, librarians, research associates, and postdoctoral associates
- Part-time regular tenured/tenure track faculty at no less than 50% effort
- Part-time regular librarians designated with expectations of continued employment at no less than 50% effort
- Full-time regular staff
- Part-time regular staff

All of the above may include their spouse or domestic partner and children up to age 26

Disabled dependents may be able to continue coverage after age 26; for additional information, visit www.hr.pitt.edu/benefits

Enrollment
Health and welfare plans for faculty and staff generally operate on a plan year, which runs from July 1 through June 30 (a 12-month period). These health and welfare plans include medical, dental, vision, flexible spending accounts, life, accidental death and dismemberment (AD&D), and dependent life insurances. If applicable, short-term and/or long-term disability, retirement, and long-term care (LTC) benefits may be included in your benefits package, but are not subject to the plan year.

The effective date of coverage is dependent upon your date of hire. If you are hired on the first business day of the month, coverage becomes effective the first day of the same month. If you are hired after the first business day of the month, coverage becomes effective the first day of the next month. An initial benefit enrollment period for newly hired employees is 31 days from the date of hire.

For those who are subject to the plan year rules (outside of the initial benefit enrollment period), new enrollments, cancellations, and changes to coverage may only be made during future open enrollment periods or due to a qualified status change when the request for a change is made within 60 days of the effective date. The effective date for a status change is the first of the month following the date of the qualifying event.

Life Events (Qualified Status Changes)
www.hr.pitt.edu/benefits/qualified
A Qualified Status Change may include:
- Marriage or divorce
- Birth, adoption, or custody of a child or stepchild
- Spouse/domestic partner’s gain or loss of employment, or obtaining or losing coverage
- Death of a spouse/domestic partner or child
- Loss of Medicaid or CHIP coverage or becoming eligible for a premium assistance subsidy

You must make your election within 60 days of when the qualified status change occurs. Appropriate documentation must be submitted for any dependents being added to health and welfare plans. Documentation requirements can be reviewed at www.hr.pitt.edu/eligibility. Please note that primary care physicians and primary dental offices may be changed at any time during the year directly through the respective insurance carrier, not just at open enrollment or because of a status change.

Flexible spending accounts (FSA) program provides an opportunity to reduce your federal and Social Security taxable income through funding an account on a pretax basis. You may obtain reimbursement through the submission of qualified out-of-pocket expenses relating to that particular account.

Flexible spending accounts are intended to be used for predictable expenses only. Please review the plan details of each flexible spending account prior to enrollment to determine if a flexible spending account is right for you.

Learn more about the flexible spending accounts, including eligible expenses, claim submission deadlines, and claim submission procedures, by using the phone number or website listed above.

Note: Individuals enrolled in Panther Basic that desire to make a pre-tax contribution for health-related expenses must elect to participate in the Health Savings Account (HSA) associated with the Panther Basic plan.

* There is a $5,000 maximum for non-taxable dependent care benefits. Money used towards Care.com Backup Care and/or your Dependent Care FSA aggregates toward the $5,000 cumulative total. Anything over this $5,000 maximum will be taxed accordingly upon filing.

Higher Maximums, Less Taxes
Annual Maximums have increased for Health Care, Parking, and Mass Transportation FSAs to help you spend less on taxes and more on you.

The U.S. Treasury Department granted a 2 ½ month extension for dependent day care flexible spending accounts. Participants have until September 15 to incur an expense and use any contributions remaining in their dependent care flexible spending accounts. During this grace period, transactions will automatically pull from the previous plan year to exhaust funds before it pulls from the current plan year funds. Expenses incurred during this period must still be submitted to UPMC BMS, the University’s flexible spending account administrator, for reimbursement no later than December 31, 2024.

Incomplete Participation in Plan Year
For the dependent care, parking, and mass transportation accounts: Unused funds will be forfeited if not claimed within six months of the following status changes:

- End of the plan year
- Termination
- Change in status which makes you ineligible for the plan

For the health care account: Unused funds will be forfeited if not claimed within six months for terminations of University employment and other general ineligibility.

In case of termination of University employment or ineligibility during the plan year due to a change in benefit eligible positions, claims can be submitted for expenses incurred prior to the termination/ineligibility date. Expenses and services incurred after the termination/ineligibility date are not eligible for reimbursement.

**Use It or Lose It” Rule for Plan Year July 1, 2023 - June 30, 2024
The “Use It or Lose It” rule applies to dependent day care, parking, and mass transportation. Other than the exception listed below for dependent care, all claims must be incurred prior to July 1, 2024. Participants must submit those expenses for reimbursement by December 31, 2024. If your coverage ends prior to June 30, 2024 claims must be incurred prior to your last day of coverage. If your coverage ends prior to the end of the plan year, you have six months to submit expenses after the last day of coverage. Any remaining funds in your account at the end of the plan year will be forfeited and used to offset the general plan expenses.

Health Care Flexible Spending Account Rollover
The IRS allows a rollover of unused health care flexible spending account contributions up to $610. The rollover does not count against the $3,050 contribution maximum per year, and the rollover may be used to pay for expenses in the year in which it is carried over.

Waiving the account during Open Enrollment for a July 1 effective date allows for the rollover into the next plan year’s account for use during that plan year up to the annual rollover amount.

Purchasing OTC Products
Individuals can purchase over-the-counter (OTC) products with their health care flexible spending account. Participants submit their purchase receipts for reimbursement as the UPMC Consumer Advantage Visa card cannot be used at this time to complete purchases.

Effective July 1, 2022, Health Incentive Reward Dollars can be used to purchase over-the-counter products and to pay for dental and vision expenses, just like one would use an FSA.

To calculate your life insurance cost:

annual salary \times additional coverage value (1-6) = total coverage

Employees age 42 with $45,000 annual salary electing to have coverage of three (3) times their salary will have a total coverage of $135,000.

Total coverage / 1,000 \times age rate = cost per month

$135,000 / 1,000 \times 0.067 = $9.05

Employee cost per month = $9.05

* Proof of good health, also called Evidence of Insurability (EOI), is required for some types of coverage. EOI is an application process in which you provide information on the condition of your health or your dependent’s health in order to be approved for coverage. The Hartford provides 90 days to submit the EOI application for approval or denial of coverage.
Retirement Savings Plan

www.hr.pitt.edu/retirement

Eligible faculty and staff are offered a Defined Contribution Plan. Details can be found online at www.hr.pitt.edu/retirement.

The plan operates on a calendar year basis and is not subject to an annual open enrollment. Elections or changes may be made online throughout the year. This can be done monthly and as often as you prefer. If you select the effective date to be the first available paycheck, please refer to the University payroll schedule for timing details by visiting www.hr.pitt.edu/payroll-schedule. If you select a future effective date, you are selecting a future date to make a salary deferral agreement and the payroll schedule still applies.

Instructions on how to enroll or make changes can be found at www.hr.pitt.edu/make-changes.

Note: Changes to your retirement contributions can only be made through TIAA; changes cannot be made in Pitt Worx.

One important term referred to frequently in the plan is vesting. Under the Defined Contribution Plan, once you have fulfilled the three-year vesting schedule, you have a non-forfeitable right to the contributions given by the University. Under the Defined Contribution Plan, you always have the right to your contributions and earnings upon retirement or resignation.

Defined Contribution Plan

Within the Defined Contribution Plan, employees are permitted to contribute to a 403(b) plan. Contributions to this plan may be made on a pre-tax, Roth after-tax, or after-tax basis. Eligible employees contributing to the 403(b) plan will receive University matching funds into a 401(a) account. The University contributions will be made on a pre-tax basis. Eligible employees also have the opportunity to contribute to a 457(b) plan on a pre-tax or Roth after-tax basis. Contributions to the 457(b) plan are not considered for matching contributions.

Eligible faculty, staff, and research associates become vested in the 403(b) plan after having completed 1,000 calendar years. Once vested, the participant has the option of joining the Accelerated Option. You must contribute 8% to participate in this option, and the University match is 14.5%. Participation lasts for up to 120 months or to age 65, whichever occurs first. The University match ceases once participation in the Accelerated Option ends, however the participant can continue contributing to their retirement on an unmatched basis, but must re-enroll in the plan. As needed upon retirement, income streams may be established among the options available. For more information, please call TIAA at 1-800-682-9139, Monday–Friday, 8:00 a.m. – 10:00 p.m.

New hires are automatically enrolled at a 3% contribution rate in the 403(b) plan, but have 60 days to opt out of the plan.

Between the ages of 52 and 65, once vested, you have the option of joining the Accelerated Option. You must contribute 8% to participate in this option, and the University match is 14.5%.
