Enrollment and Status Changes Outside of Open Enrollment

Enrollment
Health and welfare plans for faculty and staff generally operate on a plan year which runs from July 1 through June 30 (a 12-month period). These health and welfare plans include medical, dental, vision, flexible spending accounts, life, accidental death and dismemberment (AD&D), and dependent life insurances. If applicable, short-term and/or long-term disability, retirement, and long term care (LTC) benefits may be included in your benefits package but are not subject to the plan year.

The effective date of coverage is dependent upon your date of hire. If you are hired on the first business day of the month, coverage becomes effective the first day of the same month. If you are hired after the first business day of the month, coverage becomes effective the first day of the next month. An initial benefit enrollment period for newly hired employees is 31 days from the date of hire.

For those that are subject to the plan year rules (outside of the initial benefit enrollment period), new enrollments, cancellations, and changes to coverage may only be made during future open enrollment periods or due to a qualified status change when the request for a change is made within 60 days of the life event. The effective date for a status change is the first of the month following the date of the qualifying event.

Qualified Status Changes
A Qualified Status Change may include:
- Marriage or divorce
- Birth, adoption, or custody of a child or stepchild
- Spouse/domestic partner’s gain or loss of employment, or obtaining or losing coverage
- Death of a spouse/domestic partner or child
- Loss of Medicaid or CHIP coverage or becoming eligible for a premium assistance subsidy

You must make your election within 60 days of when the qualified status change occurs. Appropriate documentation must be submitted for any dependents being added to health and welfare plans. Documentation requirements can be reviewed at www.hr.pitt.edu/eligibility. Please note that primary care physicians and primary dental offices may be changed at any time during the year directly through the respective insurance carrier, not just at open enrollment or because of a status change.

Additional Benefits

Additional benefits are available to eligible faculty and staff. All of the additional benefit offerings that are outlined on this page do not operate on an annual open enrollment schedule or the same plan year. For benefits requiring an enrollment, the guidelines for enrollment are stated below.
Children’s Health Insurance Program Reauthorization Act (CHIPRA)
CHIPRA requires employers offering group health plans to notify employees of their potential rights to receive premium assistance under a state’s Medicaid or CHIP program.

CHIPRA has added two different rules that could benefit certain employees of the University. First, CHIPRA added a new premium assistance program for participants who are eligible for a Medicaid or a state CHIP program. If you or your dependents are already enrolled in Medicaid or CHIP, you can contact your state Medicaid or CHIP office to find out if premium assistance is available. Second, CHIPRA has added two new Qualified Status Change events. The Qualified Status Change events occur either when an eligible participant’s enrollment ends in Medicaid or a state’s CHIP program or when an eligible employee becomes eligible for the premium subsidy and can then enroll in the University’s coverage. If either of those two events occur, the employee must request coverage from the University within 60 days of the event.

Women’s Health and Cancer Rights Act (HR4328, Public Law 105-277)
Under the University of Pittsburgh’s health plans, coverage will be provided to a member who is receiving benefits for a medically necessary mastectomy and who elects breast reconstruction after the mastectomy for:

1. Reconstruction of the breast on which a mastectomy has been performed
2. Surgery and reconstruction of the other breast to produce a symmetrical appearance
3. Prostheses
4. Treatment of physical complications of all stages of mastectomy, including lymphomas

This coverage will be provided in consultation with the attending physician and the patient and will be subject to the same coinsurance and any applicable annual deductibles that apply for the mastectomy.

Prescription Drug Notice of Creditable Coverage (Medicare Part D Notice)
Group medical plans with prescription drug coverage sponsored by the University for active faculty and staff, pre-65 retirees, and post-65 retirees meet the standards for creditable coverage required by federal regulations and guidelines.

Summaries of Benefits and Coverage
Summaries of Benefits and Coverage (SBC) provide applicants, enrollees, and policyholders with government mandated comparable information about health plan benefits and coverage options to help you evaluate choices when comparing the University of Pittsburgh’s plans to other plans. For the most cost-accurate information to compare between the University of Pittsburgh’s group of plans, and customized information about your medical options, please visit www.hr.pitt.edu/benefits.

In addition to accessing and/or printing copies of the electronic COOs and SBCs, you also have the right to request and receive, free of charge, paper copies of these documents.

Request a printed Health and Welfare CDC and/or Summary of Benefits and Coverage (SBC) on the Benefits Web site at www.hr.pitt.edu/benefits or by calling the Benefits Department at 412-624-8160.

Additional Notices
The following policies and notices are available, in most instances, in more detail on the Benefits Department Web site at www.hr.pitt.edu/benefits/health-and-wellness/notices.

We encourage you, your spouse/domestic partner, and dependents to access the notices online and review them in conjunction with open enrollment and any time after. The notice of the availability of this information online and your ability to access the information is deemed to be delivery of those notices.
