AlertLine

• All University of Pittsburgh employees have access to AlertLine, a telephone line that makes it comfortable and convenient for employees to report irregular or troublesome workplace issues such as financial improprieties, human resources matters, research compliance concerns and other legal or regulatory matters.

• Most workplace issues can be best handled by bringing them to the attention of your supervisor, but the AlertLine is there as an additional resource, if this is not possible.

• Callers to the AlertLine are given the option to remain anonymous. AlertLine call are answered by independent communications specialists who are not employees of the University of Pittsburgh.

• These individuals record information that the callers provide and then turn the information over to the appropriate University of Pittsburgh entity.
