

# Take control of your health by understanding your medications.

As part of your wellness benefits, the University of Pittsburgh's Office of Human Resources' Benefits Department now offers **Comprehensive Medication Management**.

Sit down with our pharmacist to answer your medication-related questions and develop an action plan to help you take better control of your health. The information that is discussed is confidential and is not shared with the University.

The Comprehensive Medication Management benefit is available at no cost to all full-time and part-time regular University faculty and staff who have UPMC Health Plan coverage. Flexible scheduling is available. Appointments can be held on-campus at University Pharmacy in Nordenberg Hall or by phone Monday through Friday between the hours of 9 a.m. and 6 p.m.

To schedule an appointment with a pharmacist, call 412-383-MEDS(6337) or email [mymeds@pitt.edu](mailto:mymeds@pitt.edu).
