If at any time any part or provision of this Statement of Benefits is in conflict with any applicable law, regulation, or other controlling authority, the requirements of that authority shall prevail.

<sup>4</sup> If the brand-name drug is dispensed instead of the generic equivalent, you must pay the copayment associated with the brand-name drug as well as the retail price difference between the brand-name drug and the generic drug.

This summary is meant to assist in comparing the benefit plans. It is not a contract. If differences exist between this summary and a group's contract or a member's Certificate of Coverage, the contract or Certificate of Coverage prevails.
